

ROCK COUNTY IN COOPER'S RANKS

Despite Factional Fight the Conservatives Are Confident of Victory.

LA FAYETTE SOLID

Home of La Folletteism Is Conservative by Fully Twelve Majority.

VICTORY IS ASSURED

Friday afternoon and evening will see the opening guns fired in the political campaign of the year. For some months past skirmishes have been going in between the leaders of the party as to policy and fitness of affairs but on Friday the thinking voters of the county will have the opportunity to decide for themselves who they will have for their next congressman and what will be the policy of Rock county as to the question of governor.

Friday the caucuses will be held throughout the county to elect delegates to the county convention to be held in the court house in Janesville on Saturday next. These delegates will then choose delegates to the congressional convention of the First district to be held in Janesville, on May 26, to place in nomination the congressional candidate, the choice of the people, for the coming election next November.

District for Cooper
The present representative for the district, Henry Allen Cooper, of Racine, has again come before the people for renomination. For ten years he has served the voters of this district in congress. For ten years his best interests have been devoted to the interests of his supporters. He has always had the betterment of his adherents at heart and the rural mail delivery that now goes from one end of Rock county to the other is the result of his persistent efforts to aid and make more comfortable the lives of his farmer constituents.

While there is no decided and open opposition to Mr. Cooper still the tricky politicians of the executive machine is making itself felt and the name of Mayor Victor P. Richardson of Janesville has been used in connection with a plan to oust the present congressman from his seat and place the mayor in his place. Aside from a few discontented grumblers of the republican party, however, the movement has not gained much of a foothold and even the so-called leaders of the Thoroughbreds, who are said to espouse the cause of the Mayor, say that they are not really opposing Congressman Cooper, but simply wish to gain control of the convention to use it for the furthering of their plan to have the convention endorse the Governor, and the Primary Election Bill.

Need Of Watchfulness
While these statements may be true still the element of doubt exists and it behooves every true friend of Cooper to be present at the caucus and vote for men whom he knows will not only support the renomination of the congressman but who will not allow the real sentiment of the voters of the county to be tampered with by false representation of a disgruntled few who express their own sentiment on state issues.

Henry Allen Cooper
Henry Allen Cooper of Racine, was born in Walworth county. He received a common school education, graduating from Northwestern university in 1873 and from Union college of Law in 1876. From 1875 to 1879 he lived in Chicago engaged in the practice of law, otherwise he has always lived in Wisconsin. In 1880 he has elected district attorney of Racine county and was reelected district attorney in '82 and '84 without opposition. In 1886 he was elected state senator and in 1892 was first elected to congress. He was re-elected in '94, '96, '98 and 1900, having a plurality of 13,709 over the democratic candidate Gilbert T. Hodges.

Work In Congress
As a congressman Mr. Cooper has been a strong supporter of the republican doctrines and an ardent partisan for the interests of the people of Wisconsin and his own district. He has had several important positions on committees and is at present so engrossed in his work on the insular committee that he can not devote the time to leave Washington to come to Wisconsin to watch after his own political interests. He has left this to the voters of this district and trusts them to endorse his past efforts by re-nominating him to a sixth term.

Fight On Elsewhere
Not only is the fight confined to Rock county, the home of Senator Whitehead against whom the brunt of the opposition seems to be pressed, but in LaFayette county where for years the religion of the voters has been "God and then LaFollette." Yesterday they held their caucuses. From all over the county the supporters of the governor rallied. Every trick and turn was made to secure a delegation that would come out and whitewash the governor's mistakes and place upon his head the wreath of laurels that betokens the victor.

The machine was perfect. Advice from there this afternoon tell of the perfected schemes of the plotters and how they were defeated by the

thinking, voting people who turned from the error of their former ways and repudiated the practices of the executive gang. LaFayette county swung into line for Cooper by a majority of twelve votes up to noon and one town that has six votes yet to be heard from in which the conservative element of the party are sure of three delegates and possibly all.

The victory is due to the hard and conscientious work of Postmaster Martin of Darlington and James Monahan and Mr. Jordan, who in a fight against odds succeeded in taking the county for the LaFollette ranks and placing it where it belongs, among the representative counties of the republican party.

Opposition In Racine
Not only have the executive gang fought the conservative republicans in every move thus far but they have even invaded Racine county, the home of the congressman, and tried by underhand methods to wrest it from his ranks.

Scouts sent out by the Madison clique have made a canvas of that county trying to find some one who would come out for the nomination against Mr. Cooper. Unsuccessful in this they have bent every energy to capture the county convention so that LaFollette might be proclaimed the peoples' candidate.

While it has been officially announced from Madison headquarters by both the governor and his Man Friday, Judge Zimmerman, that state politics should and would be divorced from congressional affairs, the work of trying to poison the minds of the voters against the present congressional candidates has continued and persistent efforts have been made to capture every county convention so that the doctrine of LaFolletteism and the Primary Election bugbear might be propagated seemingly with the general consent of the voters.

BELOIT CYCLISTS HAVE TROUBLES

Petition Council To Repeal Ordinance, and Are Not Battered—Much Indignation.

Beloit, Wis., May 20.—(Special)—The common council last night voted to extend the water mains to the Illinois state line and thence into the district known as South Beloit, where the new factories are located. This gives the factories both fire protection and water service. This move on the part of the council settles a much disputed question as to whether a Wisconsin city could furnish water to a town located in Illinois and outside its jurisdiction.

The council also decided to macadam three streets, for several blocks.

CUBAN FLAG AT LAST, HOISTED

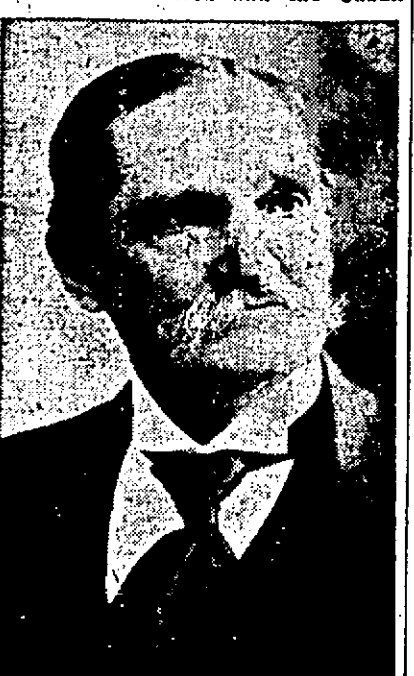

United States' Control Ended This Noon Amid Salute of Guns.

PALMA IN CHARGE

Governor Wood Turns Over Control to the Newly Elected President.

TROOPS ARE LEAVING

Havana, May 20.—Cuba at last is free. Promptly at noon today military occupation of the island by the American forces was declared at an end by Governor Wood and the authority of the new republic was resigned into the hands of President Palma. Simultaneously practically every American flag throughout the island was lowered and the Cuban

flag raised over the palace and Morro castle.

Salute Old Glory
As the American flag was lowered the warships in the harbor and the Cuban revenue cutters fired a salute of 45 guns. As the Cuban flag was raised another salute was fired, this time of 21 guns. The raising of the flag was the signal for cheering by tens of thousands of people who were packed in the park fronting the palace and the streets adjacent.

Governor Wood Leaves
After the exchange of flags Governor Wood, accompanied by the other American officials, boarded the cruiser Brooklyn and later in the day they will sail for America. Preparations for the transfer of the authority and the inauguration of Palma began early. Before sunrise thousands had gathered in the vicinity of the palace and along the route over which President Palma and his escort would pass in going to the government building.

At the appointment President Palma, accompanied by Gen. Gomez and members of the new cabinet and escorted by the recently organized Cuban artillery, war veterans, political and civic organizations proceeded to the palace.

The Streets Packed
The throngs along the route were so dense that the procession was frequently stopped and the enthusiasm was so intense that every step was marked by cheers. Arrived at the palace the president was conducted to the main hall where he was received by Governor Wood. After the greetings the ceremonies of handing over the government to the Cubans took place.

Government Turned Over
Governor Wood in relinquishing the reins of government to President Palma assured the Cubans of the sympathy and the support and aid that the future of the new republic would be watched by the government at Washington with loving interest. Palma replied, thanking the Americans for the glorious work that they had done for Cuba and assuring the Americans of the everlasting gratitude of the Cuban people. All American troops in Cuba except eight batteries of artillery accompanied Governor Wood to the United States.

MADISON MAY BE SELECTED

State Convention Is Probable To Be Held in Capital City.

THE TALK IS JULY 16

La Follette Men Rent Rooms at Hotels for That Date.

IN SESSION TODAY

Madison, May 20, 3:19 p. m.—The Central committee after convening in committee listened for an hour or more to the representatives of Milwaukee and Madison on the claims of their cities. Decision not likely before four o'clock.

Madison, Wis., May 20.—(Special)—It is practically certain that the republican state convention will be held in Madison on July 16. Additional color is given this statement by the fact that leading LaFollette men have engaged hotel headquarters here for that date. The committee meets this afternoon to act on the matter. The committee meets at 2 o'clock and the executive session will probably be at 3.

MINE DISASTER LIST IS GROWING

Coal Creek, May 20.—Over a hundred bodies had been taken from the Fraterville mine this morning and rescue parties are still at the work. It is believed that a hundred and fifty additional corpses are in the mine. Business of all kinds here and throughout the surrounding country has suspended as a result of the disaster, the cause of which is still a mystery.

One hundred and seventy-five miners were checked in for work by the mine boss. In addition to these there were boys who acted as helpers and drivers and road men, and others to the number of perhaps fifty.

Fraterville mine is the oldest mine in the Coal Creek district, having been opened in 1870. It is fully three miles from the mine's opening to the point where the men were at work. They had not been long at work before the terrible explosion occurred. There was a terrible roar and then flames shot from the entrance and the air shafts. News of the disaster spread like wildfire, and as soon as order could be brought out of chaos, two rescuing parties were started in, one at the mine entrance and the other through Thistle mine, which adjoins, and in which no men were at work. The Thistle party was unable to make any headway, as the gas stifled the workers.

Rescuers Are Felled.
The Fraterville party went fully two miles under the earth until a heavy fall of slate was encountered. At this barrier men worked like demons, hoping against hope that those beyond might be safe.

The scenes at the mouth of the mine while the workers were within are beyond description. Business had been suspended in Coal Creek and all its mines as soon as the news of the disaster became circulated, and men, women and children gathered around the Fraterville entrance. Women whose husbands and sons were within were wild with grief.

All day the rescuers toiled at the slate obstruction, and not until 5 o'clock did they force an entrance through it. Up to that hour only five dead bodies had been recovered and hope was still high that many within were safe. The hopes of the living were doomed, however, for, when the rescuers finally could enter, they walked along a continuous gallery of death. There was not a sign of life. Every man had perished, they believed, although all the rooms had not been entered.

Eight dead bodies were first recovered, and these were sent to Coal Creek. Twenty-six others were soon found. They were not disfigured beyond identification, and each corpse, as it was borne from the mouth of the gigantic tomb, was surrounded by eager crowds of relatives of the men who were entombed.

The smoke and gas are stifling, and the heat is excessive. The latter fact indicates that the mine is burning.

PASSES UNIVERSAL SUFFRAGE

Swedish Upper House In Favor of Proportional Representation.
Stockholm, May 20.—A remarkable solution of the suffrage crisis has been reached by the vote of the upper house in favor of the universal franchise with proportional representation. This decision will probably have a profound influence on the future of Swedish political parties. The prestige of the liberals, who did not even dare to put universal suffrage on their programme, is now far below par.

J. G. Monahan, of Darlington, was in the city today on his way to Madison.

NEED \$250,000 FOR SUFFERERS

English Colonial Office Receives Word That Money Is Needed to Rehouse the Sufferers.

London, May 20.—The following dispatch dated St. Vincent was received from the governor of the Windward Islands today by the colonial office: "All the immediate wants are now supplied and the question of re-settlement of the people is now under consideration. One new township is settled-up to the present. In my station fifty thousand pounds will enable its support and would be sufficient for six months and would rehouse them in the new localities. The sufferings of the wounded from burns is very terrible. Six deaths have occurred in the hospitals."

Beloit Council Decides To Lay Pipes Into South Beloit in Illinois.

Beloit, Wis., May 20.—(Special)—Bicyclists who have been fighting since May 5 the ordinance passed by the common council forbidding their riding on the sidewalks and compelling them to carry lights and have bells on their wheels, last night handed to the council several bulky petitions asking that the present ordinance be repealed. No attention was paid to them and they were not even opened the council however did repeal their former ordinance but enacted a new one so similar, but worded different that a layman can not see the difference, except in the fact that he portion referring to bells and lanterns was left out.

GENERAL STRIKE OF MINERS LIKELY

Secretary Wilson Believes Convention Will Be Called to Induce All Hands to Quit.

Indianapolis, May 20.—Strong belief that a national convention will be called to decide whether or not the entire United Mine Workers of America shall strike to enforce the demands of the anthracite miners is expressed by Secretary Wilson. The anthracite men, who are demanding a national convention, have three districts, and if they can get two more to join in their petition President Mitchell will have to issue the call for the convention, having no option in the matter.

Mitchell Is Reticent

Wilkesbarre, Pa., May 20.—This city is now the headquarters of the anthracite miners' strike. President Mitchell is non-committal, and absolutely refuses to reply to leading questions. He was asked if the mine workers would attempt to prevent the shipment of bituminous coal to take the place of hard coal, his attention being called to the fact that the city of Philadelphia, being unable to procure hard coal, had contracted for a supply of soft coal. He said:

"Considering the proposition in a general way, I will say that we do not desire to make any city a victim or have any person suffer because of our quarrel with the coal companies."

He refused to be more explicit, but said it was a matter which would have to be settled by the three executive boards of the anthracite fields, which will meet here Wednesday.

Judging by the action of the union during the last strike, when efforts were made to stop the shipment of soft coal into anthracite territory, it is not unlikely that the miners may take similar action within the next few days.

Ratify Springfield Pact

THREE TEAMS ARE STRONG

Chicago, Michigan and Wisconsin Each Have Good Chances of Winning Meet

Wisconsin, Chicago and Michigan have nearly equal chances to win the banner in the conference meet, May 31, according to the indications of the season up to and including the Chicago-Michigan contest on Saturday. These three universities stand so close in point winning possibilities that he failure of any one man to do the work expected of him will have an important bearing, and luck will figure materially in the scattering of points brought about by the excellence of Merrill, the Beloit star, and some of Con-bear's men from Illinois.

As Coach Stagg, of Chicago, figures out the situation, each one of the three teams has good chances to win about thirty points, the number which it is expected to meet the requirements.

"It looks as if Wisconsin has a shade the best prospect," said Coach Stagg. "Wisconsin points seem safer. Possibly Chicago has slightly the better of the chances than Michigan, but not much, if any. We have to get first to win, while, as things look now, Michigan may be able to do it with a large bunch of seconds added to the firsts. It is very close."

There is only one meet still on the schedules which will give any new indications. This is the dual meet between Wisconsin and Minnesota, which will be contested on Thursday at Minneapolis.

Chicago needs Carey, the hammer thrower, in order to be figured as a winner. Yesterday Stagg pointed out that Michigan lost no more points Saturday on account of Snow's absence than did Chicago on account of Carey's. Carey is angered at being kept out of the meet because a professor decided to pass on his orthography.

Fred Moloney could probably get the world's records by concentrating on the hurdles in the conference meet. But he will go into at least one of the dashes in all probability. He cannot hope to repeat his performance and get four firsts in a conference meet because in each of his races there will be at least two heats. Saturday Kilpatrick of Wisconsin, holding Stagg's watch, caught Moloney at 0:10 and 0:21 4-5 in the dashes.

Ernie Quantrell's work Saturday in the high jump in which he made 5 feet 3 1-4 inches in the preliminary, received universal commendation at Chicago. It was the best high jump ever done by a Chicago man, and gives Quantrell the Chicago record, the former record having been 5 feet 3 5-8 inches, held by C. Smith, now at the Northwestern. Quantrell did this work notwithstanding that a knee is "out."

TO ESTABLISH KINDERGARTENS

Board of Education Decide To Place In Operation Four

The board of education at its meeting last evening decided to establish four public kindergartens in this city for the care and education of the little ones who are too young to attend school. The board decided to establish a kindergarten in each of the first, second, and third wards and to have a combination one for the fourth and fifth wards.

The full board was present at the meeting last night and besides hearing the report of the committee and disposing of the kindergarten question they took up the matter of janitors for the ensuing year but it was left until the next meeting for a final decision. The kindergartens will be established at the Adams, Jefferson and Webster buildings and will be ready for the fall term of school.

The directors and assistants for the schools will be:

Directors—Miss Myra L. Wilcox, Quincy, Ill., Miss Ethel G. Wiggins, Tonaway, Kan., Miss Helen A. Denison, Chicago.

Assistants—Misses Grace Spoon, Alice Estes, Laura Dudley, of Janesville.

This leaves one school to be filed both for director and cadet.

Besides selecting these teachers the board also selected as teachers Miss Sarah Venable and Miss Genevieve Hayes, both to be in the seventh grade of the Lincoln school.

The costliest meal ever served was a supper given by Aelius Verus, a lavish Roman. It was given to seven guests and cost nearly a quarter of a million dollars. Mr. and Mrs. Jerg Were Last Night Entertained By Numerous Friends. Mr. and Mrs. Alfred Jerg, who were married in Chicago last week and returned from their wedding trip Saturday night were given a reception last evening at the Unique club rooms by the members of that organization. They were taken from their flat by a number of the members and given a ride in one of the Riverside laundry wagons to the club rooms. During the ride they were accompanied by the Unique

club band and treated to a number of choice instrumental selections. At the club rooms they were given a royal reception which was enjoyed by all those present.

A RUNAWAY WIFE

The Myers Opera house was packed last night for the opening performance of the Irving French Co. The bill presented was the four-act comedy drama, "A Runaway Wife," and was well received. This company is made up of clever people all around.

Splendid costumes and fine scenery were introduced. The picture machine is simply perfect. The house was kept at a cool temperature by abundant electric fans. Tonight the bill is an "Irishman's Troubles."

SERVIAN REFUGEE A NOTED WRITER

John Gollmer, Employed by Parker Pen Company, Writing a Book.

Under proscription by his home government, a political outcast from his native land, forced to earn his daily bread by hard work among foreigners in a strange land, John Gollmer, a Servian writer of prominence in his own country, is toiling by day as a foreign correspondent of the Parker Pen company and by night working on a book that he hopes will make him famous among the reading men of Europe.

Escaping from his native land, Servian with no property, but the few bits of gold he had in his pockets to avoid an irate government whom he had offended by telling the truth, he came to America and finally to Janesville where he secured employment with the Parker Co.

In his own country he was a newspaper man, a writer of literature. His writings offended an over-sensitive government and but for the timely warning of a friend, high in power, Mr. Gollmer would now be serving ten years as a political prisoner in one of Servia's dungeons.

His crime against the government consisted of printing the truth as to a question that involved the truthfulness of the queen of the country and despite the fact that his stand was correct, he and six of his companions were marked down for vengeance by the king for disclosing state secrets. Switzerland is the only European country he could be safe in, the Mecca of all discontents and political outcasts from the various courts of the continent.

A Successful Writer

In 1888 Mr. Gollmer began a successful literary career by writing a manuscript entitled "The History of East European Socialism." This was presented for consideration to the national congress in session at Lemberg, Galicia, and he was awarded a handsome gold medal in recognition for his literary ability.

He is now at work on a treatise entitled "Contradictory Doctrines of the Greek Church." The work is written in Servian and will be presented to the coming meeting of the National Congress that will be held in Buda Pest, Hungary, in July. There are three medals and three money prizes to be awarded at this meeting and Mr. Gollmer hopes to capture one of them. Each manuscript presented for consideration is not signed but the name of the author and the title are placed in a sealed envelope and not opened until the manuscript has been read and passed upon. This method precludes any claim of favoritism that might arise from unsuccessful aspirants for honors. Mr. Gollmer is a well versed man in European politics and can speak and read six of the Continental languages. While he is able to read and write English he has some difficulty in speaking it and considers it one of the hardest of tongues to become accustomed to. His present work is nearing completion and very clearly sets forth his ideas on the subject.

GOOD ADVICE.

It is useless to talk of reconciliation. The fight must go on to the bitter end. The Kress-Payne correspondence has not tended to the promotion of domestic harmony. Senator Whitehead's prospects grow brighter every day. His nomination is now assured. It will be a good thing for the Republican party in Wisconsin when that nomination is made; for Mr. Whitehead is just the man to unite the two wings, the half breeds and the stalwarts. Should La Follette be nominated the breach will be widened instead of closed. It is the plain duty of every Republican to support Senator Whitehead.—Eau Claire Leader.

Another Place.

(From Younker's Statesman.) Bill—"Where've you been?" Jill—"Down to the doctor's." "I'll bet he told you to go South." "No, I didn't go to consult him; I went to collect a bill."

CATALEPTIC.

(From New York Sun.) "Doctor," said he, "I'm a victim of insomnia. I can't sleep if there's the least noise, such as a cat on the back fence, for instance." "This powder will be effective," replied the physician, after compounding a prescription. "When do I take it, doctor?" "You don't take it. You give it to the cat in a little milk."

Removing the Obstructions to Health When life's processes are stopped it will usually be found due to an obstruction. It is an easy thing to obstruct either the blood stream or the currents of nervous energy. Disease is then manifested by symptoms of this blockading. To cure the disease this obstruction must be remedied. Osteopathy goes direct to obstructions instead of treating symptoms.

MAKING READY FOR GOLF SEASON

First Formal Match Will Be Next Monday—A Handicap Against Col. Bogey.

The opening event of the season of the Janesville Golf club will be held Monday May 26. It was intended to open the golf season May 13, but the cold weather and the condition of the ground and the house, caused the house committee to postpone it until the 26th.

The opening event in the afternoon will be a blind bogey, or Kicker's handicap. This will be a sweepstake event, an entrance fee being charged which will be invested in balls and divided among the winners.

This event will be eighteen holes medal play and each player selects his own handicap. He can take as much or as little as he pleases. No contestant will be allowed to start in this event until he has handed in his handicap to the games committee.

Colonel Bogey's Number

The bogey number will be somewhere between 90 and 100. It will be selected by some person who has no connection with the match, placed in a sealed envelope and put on the bulletin board. After the match is completed the envelope will be opened and the one finishing closest to the number will be awarded the first prize.

Supper at Club House

The match will be followed by a club supper in the club house. This will be on the donation order. The members each giving something towards supplying the table. In this way the club expects to make a little money to help pay for the screens and fittings for the house. After the supper there will be a game of military euchre and later in the evening dancing.

The house committee intend giving a series of these parties during the season and the handicap and games committee will arrange to have a golf event on the days when there is to be a supper.

Course in Bad Shape

So far this season the course has been in bad shape. The grass on the fair greens is long and rank and literally overrun with dandelions, there being more this spring than there has been in a number of years. In some places the field is as yellow with the blossoms as if it had been painted and in others where they have ripened and turned white it is almost impossible to find the ball. The dandelion plague is aptly stated in the following:

Ode to the Dandelion.

You yellow invention
Of Satan's intention
To tempt pious golfers to swear;
You pestilence fluffy
That makes a man huffy
And give up the search in despair;
You bald-headed nuisance,
Ten thousand times two cents
I'd give to consign you to—well,
What parsons and ladies
Are apt to call hades—
What suffering golfers call hell.

FELL FROM A ROOF

Leon Smith Probably Fatally Injured By a Severe Fall While at Work

Leon Smith, well-known young farmer residing near Clinton, met with a serious and probably fatal accident yesterday noon. While repairing the roof on the barn he slipped and fell to the ground striking forcibly on his back and shoulders. His back was badly injured, the bottom vertebra being severed. Mr. Smith was also injured about the arms and abdomen, besides internal injuries of a very grave nature. His chance for recovery is very slight.

Dr. James Mills was called to Clinton last evening/in consultation with Dr. Montgomery who is attending the injured man. Mr. Smith is about thirty-five years of age, is married and is the son of James Smith, who is prominent in G. A. R. circles and well-known in this city.

Hockett's Win Match

The second bowling match between the Y. M. C. A. team and The Hockett's was played last night at Hockett's alleys and resulted in a victory for the Hocketts by 137 pins. The total score for the three games was: Y. M. C. A., 2,014; Hockett's, 2,151. This is the second game between these teams the Hockett's having won both games.

TO CONSERVATIVE REPUBLICANS

The time has come in the history of the campaign, when the conservative element of the party must realize that work is to be done. The congressional convention for the nomination of a congressman, will be held next week, and the county convention to elect delegates will be held next Saturday afternoon. The caucuses occur in the towns next Friday afternoon and in the cities at 7:30 Friday evening.

The polling places will be open for one hour, and while on the surface no opposition will appear against the re-nomination of Mr. Cooper, yet it will be found in each voting precinct, that two sets of delegates will be presented.

One set of names will represent straight Cooper delegates, and conservative republicanism in all that the name implies. The other will represent LaFollettism and while nothing will be said against Mr. Cooper, yet the agreement exists, and will be carried out, if sufficient strength develops, to place before the convention in opposition to Mr. Cooper, the name of Victor P. Richardson.

The men who are behind this movement, do not expect to defeat Mr. Cooper, but they do expect to control the convention and handle it against Senator Spooner, and in the interests of the Governor. There is no secret about their plans, for they talk openly and are working night and day to carry them out.

The conservative element of the party is called upon to defeat this movement and the caucuses to be held next Friday afternoon and evening, is the place to do it.

Every republican who believes that Cooper should be returned to congress and Spooner to the Senate, should be on hand to cast his vote as indicated.

Rock county is the battle ground of the preliminary campaign. The county has a candidate for governor and every movement is closely watched by every other county in the state.

The contest is on. The same effort that was made to control the congressional convention in the Third district, will be made in the First. There was no opposition to Mr. Babcock, but there was a lively contest on resolutions.

This policy will be pursued by every convention held during the summer, and vigorous contests will be made for the county and minor offices.

There is no thought of compromise and there will be no talk of harmony until after the state convention. After that important event, all good republicans will get in line to support the nominee.

The congressional caucuses are very important for reasons stated, and every conservative republican will realize the necessity for being on hand.

WORN OUT MINISTERS.

The age limit, of which so much is being said just now, is no respecter of persons or conditions. It applies to men in commercial and industrial life and while age and experience usually contribute to the value of professional service, there is one profession, and that the most sacred, where old men are not only at a discount, but where they are left in many cases on the borders of genteel pauperism. Experience not only counts for nothing, but it is a handicap for any other calling.

The churches of the land, with rare exception, demand young men. In many cases when a clergyman reaches the age of 60, his services are no longer required, and he is obliged to retire without a competency, and with no means of earning an income.

The Rev. Tibbit, of Court St. M. E. church, in discussing this question last Sunday morning, said that there was no place for the worn out preacher, but the grave, and he sometimes thought that it would be a blessing if he could preach his farewell sermon, with an open casket before him, and when the last word was said lie down in it and be carried out to his long home.

The statement may sound a little abrupt, and yet the revered gentleman was confronted with the fact, that the church he represents has today in Wisconsin 50 of this class of men, from 60 to 85 years of age, whose income last year was a stipend of less than 45 cents per day.

These men are known to Methodism as supernumeraries, or conference claimants. Each church is assessed for meager support, and in many cases the apportionment is not paid. The old man and his wife retire from a lifetime of active service, to become an object of charity and humiliation beyond endurance.

The Methodist church, numerically and financially the strongest of the group of Protestant churches, is open to censure for permitting these conditions to exist. The church is just now engaged in a missionary cru-

sade to pass all efforts in a scramble to raise \$20,000,000 for a thank offering. Three fourths of the amount is already secured.

A little common sense, and a little well directed philanthropy, would cut the amount in half and set aside a \$10,000,000 endowment fund, not to enlighten the heathen, but to take care of the old men and women who have contributed so largely to the success of the church.

The Presbyterian Synod, now in session in New York City, is confronted with these same hard conditions, and an effort is under discussion to raise an endowment fund of \$3,000,000 to care for their aged clergymen.

Railway corporations, prompted by a spirit of humanity, pension faithful servants when they reach the age limit. The church cannot afford to do less.

WAR ON SENATOR SPOONER

Republicans who flatter themselves that Gov. LaFollette favors the re-nomination of Senator Spooner, may disabuse their minds by reading the following from a late issue of the Milwaukee Free Press. If they after don't speak for the governor and Stevens, who does it speak for?

"There is no longer any feeling of uncertainty in any Republican circles about the outcome of the state convention. Stalwarts acknowledge among themselves and occasionally one tells his republican friend that the game is up. It was not much of a game, and it was not well played. In the light of the developments during the last few days the question of the senatorship becomes one of even added interest. It is not quite as authoritatively stated as though Mr. Spooner had written a letter saying so, that he will not be a candidate, and that he has other plans; but there is really no further doubt in the minds of the people who are in position to know that he has no intention of becoming in any sense a candidate for re-election.

"Stalwarts of the inner circle of Stalwartism acknowledge that this is now understood. The announcement comes as no surprise to the best friends the senator has in the state, who never doubted that he meant all he said in his letter written two years ago. There is nothing in the way of a compromise between the Republican party and the 'League.' All the party wants is the re-election of the governor the election of a legislature that can be depended on to do what the party wishes done; and then next winter the election of any good and true Republican to succeed Mr. Spooner in the United States senate. Mr. Spooner said in his letter that there are a number of such men. The right kind of a legislature will be able to find one of them."

"If this kind of talk means anything it means that a vote for LaFollette or LaFollettism, in any caucus or convention, means a vote against John C. Spooner. If LaFollette controls the state convention, the same force will control the next legislature. The Republicans who are honest in their support of Spooner, cannot afford to be misled on this question.

If Senator Whitehead is elected governor, there is no question about Spooner's return to the Senate. The Governor's Milwaukee organ takes it for granted that LaFollette will win, and is so confident of it, that the paper does not hesitate to dispose of Senator Spooner in short order. The Republicans throughout the state, will not consent to be set aside by a wave of the hand, and it is well for the party that the issue is so well defined. Senator Spooner will succeed himself, and Whitehead will be governor.

Mayor Richardson may not go to Congress this year but there is to be an assemblyman elected after a while, and if he makes a good showing, he may be in the line of promotion. The Governor's machine has several wheels, and a good many cogs, and they are all doing business.

Congressman Cooper says that he will be unable to attend the Congressional Convention, on account of important committee work. His interests will be looked after. He has rendered his district efficient service and there is but little opposition to his return.

The beet sugar outlook is encouraging. Acreage enough has been secured to warrant a good sample crop. There seems to be plenty of money for factories, if land can be secured to support them. Half a dozen towns in the state are interested in sugar making.

The dry spell is broken and the outlook for crops more encouraging than for many years, at this season. It is about time for the croakers to croak, and the kickers to kick.

PRESS COMMENT.

Milwaukee Journal: The Linden Southwest Wisconsin, which is a fierce Babcock paper and has favored LaFollette for several months, now says:

Mr. LaFollette's most ardent champions in this corner of the state are manifesting signs of fear. They are now professing to be Spooner men. They are discovering 'mutuality of interest.' The plain truth of the matter is when a LaFollette man becomes a Spooner man his occupation is gone. There is no more use for him than a vermiform appendix in the bowels of a man.

He has no function to perform. In the nature of things he is only a promise of inflammation, mortification and death.

Is Bob out for the senatorship?

Beloit Free Press: The rumor that Mayor Victor P. Richardson, of Janesville, is a candidate for the Congressional nomination is untrue. Mr. Richardson says that he is not seeking office and that he will not consent to be a candidate. There is no doubt of the unanimous renomination of Congressman Cooper.

Brahms' Pretty Tribute.

The daughter of Johann Strauss once asked all her musical friends to write their names with phrases from their works in her album. When the book was brought to Brahms he wrote the opening phrase of the "Blue Danube" waltz, and underneath it the words: "Not, I regret to say, by your devoted friend, Johannes Brahms."

GRADUATES ARE MAKING READY

Fifty-Six To Finish the School Course in June—Elaborate Preparations Being Made.

The unusual bustle and activity which always precedes commencement week is manifest at the High school building and, in fact, wherever two or three seniors may happen to be gathered together. With these happy-hearted young people, around whom the universe seems to center just at present, the sole topic of conversation is the details of graduation gowns and the dignity of the young man's suit of conventional black, the perplexities over orations and thesis arrangements for the class party and picnic and kindred subjects relative to the crowning event in school life.

The class this year, while not as large as some which have been graduated from the Janesville High school, is yet one of which the school has reason to be proud. It numbers fifty-six members of whom forty-one are young ladies. The fifteen young men in the class give a smaller percentage of male graduates than has been the rule for several years past.

Graduate in June Commencement week will be the second week in June and the commencement exercises will occupy three evenings, Tuesday, Wednesday and Thursday, June 10, 11 and 12. They will be given in the High school gymnasium which was used for commencement purposes for the first time last year.

A class play will be one of the features of commencement. This play is the light comedy "Our Boys" and will be presented Tuesday evening by a cast of ten members of the class. It is a short skit, requiring only about an hour and a half for its presentation, and the balance of Tuesday evening's exercises will be devoted largely to class night exercises. On Wednesday and Thursday evenings the more serious side of school life will be represented by the customary orations and thesis. The latter will include several interesting scientific experiments.

Alumni Banquet Friday On Friday evening at the High school building the Alumni association will give a banquet and reception in honor of the graduating class. Miss Imogene McDonald, president of the association is selecting committees and making preparatory arrangements for this reception. The usual plan of a banquet followed by a program of toasts and music will be followed. Members of the association are requested to pay their dues to S. C. Burnham, the treasurer, at once. On payment of dues the members will receive the badge of the association which was adopted at the annual meeting and which must be worn to secure admission to the reception.

Fifty-Six To Graduate The fifty-six young people who are to be graduated from the high school next month represent the entire educational system. Eighteen of the students graduate from the English course, eighteen from the modern classical, twelve from the general science, three from the manual training, three from the domestic art, two from the commercial and two from the ancient classical. The two graduates from the ancient classical are also graduates from the modern classical, having carried and completed the work in both courses.

List of Members The following is a list of the members of the class of '02:

Walter G. Anderson, Teresa M. Baker, H. Dean Bemis, Lotta C. Bemis, Fanny May Bennett, Lucy B. Bigelow, Catherine E. Blunk, Mary E. Buckmaster, Ross Fayette Bump, Blanche E. MILTON COLLEGE PRESIDENT DEAD

Hon. Wm. C. Whitford, for Forty-Four Years Head of the Milton School, Died Today.

Hon. Wm. C. Whitford, president of Milton College, died at his home in Milton this morning at 9:30 o'clock after a protracted illness of over a year's duration with lung trouble.

Last spring the serious nature of the disease forced Mr. Whitford to lay aside active duties and travel for several months. He returned to Milton last July, much improved in health, but during the past winter, he caught a severe cold, which aggravated his lung trouble. For several days last week, he lay at the point of death and last Saturday night his death was expected at any moment.

Sunday morning he rallied, but the sudden change in the weather was too much for his weakened constitution and this morning he passed peacefully away.

During his last illness, president Whitford has been surrounded with the tender solicitude of a host of friends, as well as the loving care of his family. The best medical skill was secured and consultations of physicians were held. Dr. James Mills, of this city, being one of the attending physicians.

William C. Whitford was one of the educational leaders of the state, a public speaker of great ability, a Christian gentleman, in whose character the firm, energetic qualities of vigorous manhood were blended with the finer sentiments. His was a lovable nature, gentle, helpful, and true and he was one of the best known and most widely loved men in the state.

Born in the town of West Edmeston, Ontario county, N. Y., May 5, 1828, of English ancestors, Mr. Whitford spent his early life on his father's farm. He was educated at the district schools, Brookfield Academy, De Ryter Institute in New York, Union College, finally graduating from the Union Theological Seminary, of New York city, in 1856.

In April, of the same year, he was ordained a minister of the Seventh Day Baptist church, at New Market, N. J., and came immediately to Milton, where he served as pastor of the Seventh Day Baptist church for two years.

In 1858 he assumed charge of the Milton academy, which nine years later was converted into a college largely through his efforts. Mr. Whitford served as president of the college until his death and was also their end of the board of trustees. He has held many other positions of influence and trust, being for many years a member of the state board of normal school regents, and at one time an ex-officio regent of the university of Wisconsin.

In 1867 he was elected a member of the Wisconsin legislature, serving one term, and ten years later he was elected superintendent of public instruction of Wisconsin, being re-elected in 1879. He has also filled high offices in the denomination to which he belongs. His death will be sincerely mourned throughout the county and state in whose higher life he had so large a part for the past forty-five years.

Funeral of Little Willie Gokey whose body was found in the river yesterday, was held last night at six o'clock from his mother's home on Washington street. Rev. J. J. Collins officiated and spoke words of comfort to the heart-broken mother and sorrowing relatives. The interment was at Mount Olivet cemetery.

EDWARD QUARNA The funeral of the late Edward Quarna was held from his home on Arch street this afternoon at 2 o'clock and from the Norwegian Lutheran church at 2:30 o'clock. The interment was at Oak Hill cemetery.

MRS. I. P. COOKE The remains of the late Mrs. I. P. Cooke of Beloit were brought to this city overland this afternoon, arriving here at 1:30 o'clock and were laid at rest in Oak Hill cemetery. Funeral services were held from Giddley church in Beloit.

CITY NEWS IN BRIEF

Baseball Saturday: The Janesville High school base ball nine will contest for honors with the Clinton High school team at Athletic park, this city, next Saturday afternoon.

Board of Supervisors: A special meeting of the Rock county board of supervisors will be held at the county clerk's office on May 28.

J. W. Bates, of Beloit, was in the city today on legal business.

Court Notes: An order for judgment of divorce was issued yesterday by Judge Dunwiddie in the case of Cora May Long against Louis Allen Long. C. W. Reeder appeared for the plaintiff, there being no appearance on the part of the defendant.

Court Notes: An order for judgment was issued today in the circuit court in the divorce proceedings of Gertrude May Soper, vs. George D. Soper. The grounds for asking for a divorce were given in the complaint as drunkenness, cruel and inhuman treatment and non-support. The parties to the action reside in Beloit.

J. W. Bates appeared for the plaintiff and there was no appearance on the part of the defendant.

Marriage Licenses: A marriage license was issued today to Arthur B. Devereux and Lillian M. Savles, both of Evansville.

John L. Casperson and Grace E. Whitfield both of Chicago were quietly married yesterday afternoon by Justice C. W. Reeder. A license to wed was secured yesterday and later a special permit was issued by County Judge J. W. Sale so they would not have to wait the five days required by law. Mr. and Mrs. Casperson were the guests of Mr. and Mrs. Henry Wittenberg, 115 Fourth avenue.

Cement Waterway: Workmen are engaged today in putting the iron covers over the cement waterways put in across Franklin street on

both sides of West Milwaukee street. The street has been closed to traffic for more than a week but will soon be so that it can be used. These gutters were made necessary by the interurban line crossing Milwaukee street at this point. Everything is now ready for putting in the crossing and as soon as the grading for the rails and ties which is now being carried on north of Milwaukee street is complete the crossing will be put in and the connections completed.

Church Social: The Ladies' Aid society of the Baptist church will meet in the church parlors for work tomorrow morning at 10 o'clock.

Costly Shipping: The American Express Co today shipped a horse from this city to Boston for a local horseman. The charges on the animal are between \$125 and \$150.

New Cement-Walk: The cement sidewalks around the soldiers monument and leading down from the court house are fast nearing completion and will be ready for use in a day or two. The workmen today started leveling up the ground around the base of the monument.

Crossing Frogs in Position: Workmen this afternoon placed the crossing frogs in position where the Beloit, Delavan Lake and Janesville electric road crosses the Janesville street railway on West Milwaukee street. It took about two hours to get the crossings in place.

Brewer in Trouble: A warrant was served Monday on Frank P. Willams Monday by Chief Hogan charging him with keeping his ale brewery open and selling on Sunday. As Judge Fiffeld was out of town today the matter will come up on Wednesday morning.

Will Contest: John J. Cunningham filed a notice of contest of will in the matter of the estate of Edith T. Barry, deceased. The matter will be taken up by Judge Sale on May 23. When Mrs. Barry died she left her house and lot worth probably \$1,500 and other property to E. G. Harlow. Her brother, George West, was not remembered in the will and is contesting its being admitted to probate on the ground that undue influence was used by Harlow to get her to leave the property to himself instead of letting it go to her brother.

Member of Athletic Board: Supt. H. C. Buell has been appointed a member of the state board of control of athletics in place of Prof. Birge, principal of the Milwaukee East Side High school, who has been obliged to resign from the board on account of ill health. Mr. Buell will serve until September first and with Principal Parlin, of Wausau, and Supt. Dodgeon, of Madison, the other members of the board, will have charge of the state interscholastic athletic meet at Madison, Saturday, May 31. One of the duties of the board is to pass on the qualifications of all the High school athletes in the state and a meeting of the board for this purpose will be held in Madison next Saturday.

IT MUST COME.

As inevitable as the changing seasons of the year is the change which comes to every woman. And just as one anticipates the changes of other seasons it is wise to anticipate this change of season and prepare for it. In this way the discomforts and disasters suffered by many women at the period of change can be avoided or overcome.

Dr. Pierce's Favorite Prescription, a medicine for every season of woman's life, will entirely meet the needs of women at this period of change. It cures the physical ills and relieves the mental anxiety and depression usually associated with this critical period. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep.

J. S. Carlisle, Esq., of Manchester, Coffee Co., Tenn., writes: "I have been using your medicine for the last sixteen or eighteen years in my poor-house. I am superintendent of the Coffee County Poor-house and Asylum combined. Your 'Favorite Prescription,' Golden Medical Discovery and 'Bleeding Kidney' are the best medicines for the diseases for which they are recommended, that I ever used. They saved my wife's life at the time of 'change of life.' I have been recommending your medicine to many afflicted women and have also guaranteed that if it did not cure I would pay back the money spent for it. I have told our druggist that if the people come back and ask Doctor Pierce's medicines did not give satisfaction, to give them back their money and charge it to me. I have not once been called upon to refund. I have never found anything to equal the 'Favorite Prescription' for diseases of women."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

PRESS COMMENT.

La Crosse Republican and Leader: Republicans should bear in mind that the first duty of a citizen is to attend his party primaries. Make no other engagements for Friday, May 23d, at 7 o'clock P. M., but attend your party primary on that date.

Appleton Post: Dr. Hicks of the Oshkosh Northwestern, and Dr. Usher Washington correspondent of the Milwaukee Journal, do not agree in anything except that each recognizes the fact that the other is a "doctor," and the both certainly do enough quackery to justify the appellation.

Appleton Crescent: The railroads have declared that they do not want old men and even at thirty-five a man has out-lived his youthfulness. This is bad enough but here comes the cry from the Methodist conference in the state of New York that the church has been lumbered up with old men and that congregations demand young preachers. It is hard now to get them to take a veteran. This is a new application of the age limit and when it attacks the very pulpits itself what are you going to do?

Dr. Rubberneck—"I guess our neighbor is thinking of trying an automobile."

Mrs. R—"What makes you think so?"

Dr. R—"Well, I saw him in the bookstore asking the price of a book entitled 'First Aids to the Injured.'"

MURDERER FIVE; KILLS HIMSELF

Man's Love for Child Leads to Sacrifice of Six Lives.

St. Augustine, Fla., May 20.—Crazed by his infatuation for little Abitha McCullough, a thirteen-year-old girl, William Austin, a young man, killed the girl and four other persons and then committed suicide in the lonely farmhouse of William Wilkinson, near Hastings, a thriving settlement eight miles from this city. The dead are: William Wilkinson, fifty-two years old; Mrs. Wilkinson, his wife; Miss Abitha McCullough, aged thirteen; Miss Wilkinson, sister of William Wilkinson; one child; William Austin, the murderer and suicide, aged twenty-five.

Austin had been madly infatuated with the McCullough girl and it is said he killed the entire family because his advances were rejected and his desire to marry the girl was opposed.

Cardinals to Meet Americans. Rome, May 20.—As it will be impossible for the pope to undertake personally the strain of the work in connection with the Philippine mission he will appoint a committee of three cardinals to confer with the American delegates, and it is considered likely that Cardinals Martinielli, Satoili and Vives Tute, the last named a Spaniard, will constitute the committee. Mgr. Gasharri will act as secretary.

SHERIFF FIGHTS OUTLAW GANG

Officer Kills Two Desperados in Mountains of Tennessee.

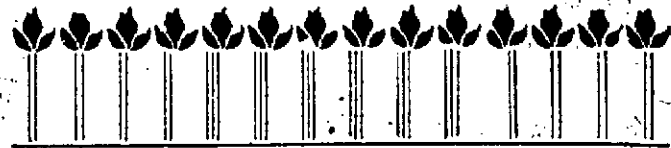

Middlesboro, Ky., May 20.—A bloody fight between Sheriff Broadwater of Scott County, Virginia, and the Wright gang of outlaws took place in the mountains of Hancock County, Tennessee. Two outlaws—John Vansant and John Templeton—were killed. Sheriff Broadwater says the outlaws cannot escape.

Hurricane Destroys Many Lives. Bombay, May 20.—A destructive hurricane has swept over the province of Scinde, British India, and many lives were lost. Forty miles of the Scinde Railroad were washed away and bridges, houses and embankments disappeared.

A FRIEND

said recently, "I buy all my boy's clothes now with what I save on my own." He used to have all his clothes made to order, but now he has learned that a certain make of ready-to-wear garments will give him all that he can ask for in style and durability. He always looks for this label:

"ZIEGLER"

and when he finds it, he knows he is safe, and buys. If you are not familiar with this make of clothes, come in and we will take pleasure in demonstrating their superiority over any other make of ready-to-wear garments, and show you how you can dress in the most modest or extreme style at small cost.

In HATS @ HABERDASHERY, too, we can give you some money-saving hints.
